# I-Mark C84 Service & Support Program

Comprehensive support programs for  
I-Mark C84 service needs.

---

Start-up installation and training

---

Classroom training courses for *do-it-yourself* repairs

---

Service kits for customers at discounted rates

---

No downtime, with revolutionary service exchange

---

Matthews is taking service to a higher level with the recently launched C84 Service & Support Program. Now, customers have the option of joining several service plans that ensure less downtime and increase the longevity of their C84 continuous ink-jet printing.

From complete, classroom training at our Pittsburgh, PA facility to telephone or on-site emergency service and exchange programs, we have options developed to fit your specific needs. Visit us online to view more detailed information about these programs at [www.matthewsmarking.com/service](http://www.matthewsmarking.com/service).
